CLEVELAND Wrecking Company crews drew plenty of sidewalk superintendents last week in demolishing five Risel street homes and two residences on Hanover street to

make way for the \$197,267 six-classroom General Pershing School. The new facility should be completed this summer and the old building will be torn down. The replacement will

house youngsters in grades kindergarten through third. McBroom and Cecchini were the low bidders for the contract. Highest bid amounted to \$223,441.

Council Ponders Ways To Erase Budget Deficit

Daly City councilmen at their regular meeting next Monday night, 8 p.m. at City Hall, will move to balance the present budget on the basis of recommendations of a four-man committee.

The budget-balancing committee of new City Manager Edward Frank, City Attorney Paul Hupf, Finance Director Joseph Arch and Mayor Edward Dennis was scheduled to report to the full council this Thursday night in study session.

The imbalance in the general fund budget, without quick new means of raising revenue and cutdowns in expenditures, would amount to about \$171,000 by fiscal year's end this June.

Fully aware of the serious-

ness of the situation, the council-appointed budget committee suggested ways to avert the deficit.

These recommendations included:

1. Delaying the hiring of budgeted-for new employees, scheduled before July 1 this

year, a move that would save the city roughly \$50,000.

2. Obtaining approximately \$10,000 in state gas tax funds via a special state census, to be conducted here next week by representatives of the State Department of Finance.

3. Increasing parking meter fines from \$1 to \$2, bringing about \$15,000 more revenue in this category.

4. Transferring water surplus funds to the general fund. (Continued on Page 2)

2 INCUMBENTS, DEL WILSON TAKE OUT ELECTION PAPERS

Daly City has three candidates this far for the April 12 city council election — incumbents Francis Pacelli and Joseph Verducci, and former councilman Del C. Wilson.

Pacelli, appointed to the council as a replacement for present City Attorney Paul Hupf, operates a stationery business firm on Mission street. Verducci, now in his eighth year as a councilman (four of these as mayor), is athletic director and head football coach at San Francisco State College.

Wilson, a St. Francis Heights resident at 206 Alta Loma avenue, got his nomination papers the next day.

A real estate salesman, Wilson lost out in his re-election

bid two years ago, finishing seventh in a field of 11 candidates for three council openings.

DC & COLMA 'MOMS MARCH' BRINGS \$4890

Almost 200 Daly City-Colma mothers marched for polio contributions last Thursday night, collecting \$4890 in the annual door-to-door appeal here.

Chairman Mrs. Sanford Vickers was enthused by the total donated, although "it was difficult recruiting chairmen in all the sections of this area." She expressed "sincerest thanks to all who joined in the project as in years past."

The \$4890 was a bit lower than the total here last year, Mrs. Vickers pointed out. She urges all persons who weren't at home last Thursday evening and didn't have the opportunity to donate, to call her at PL 5-3590 or mail donations to her at 155 Abbott avenue, Daly City.

Deadline for donations here is this Saturday, but contributions to The National Foundation are welcome at any time. The \$4890 goes to the San Mateo Chapter of the National Foundation.

The nationwide New March of Dimes campaign helps victims of polio, birth defects and arthritis. Funds also are used for research in all three categories.

Army Sergeant Near-Suicide In W'lake Home

Master Sergeant John W. Isenberg, 45, 170 Edgemont drive, reportedly attempted suicide Sunday at 9:43 p.m. at his Westlake home only to have the try stopped by quick-acting Army friends and Daly City police.

At 7:50 p.m., Isenberg called Captain Crickmore, his commanding officer at Fort Mason, and told him he was going to commit suicide. Crickmore had Sergeant A. Haney contact Daly City police.

Officers Steve Steen and Matthew Murray arrived at the man's home to find all windows and doors closed and the shades pulled down. They entered through the front door, which was not locked, and found Isenberg on the sofa. The door between the living room and garage was open and an auto's motor was running.

The policemen turned off the ignition of the car and opened windows in the house. They assisted Isenberg out of the house and brought him to Junipero Serra Hospital where oxygen was administered.

Isenberg said he had been married since 1943 and his wife was in the process of getting a divorce. Steen said Isenberg had apparently consumed a great deal of beer.

CALLAN PROPOSES HUGE ANNEXATION!

SOUTHERLY EXPANSION

Massive 871-Acre Tract Contemplated

Builder Tom Callan Jr. will make his initial proposals for Daly City annexation of a huge 871 acres development south of St. Francis Heights and the Christen lands, this Thursday night at the council study session.

Young Callan went before the county boundary commission last Thursday for hearing on his proposed "Callan Park," a narrow tract almost three miles long that would extend DC's southerly limits as far south as the Rollingwood section of San Bruno.

Callan said today that 300 homes in the big tract might be started this year, followed at a rate of 500 new homes each year. It is estimated that the multi-million development, including a super-sized shopping center, would total 3000 homes and a population increase of 12,000 to the city annexing the area.

Callan said his company either owned or had option on all the property within the 871 acres, which runs west of Junipero Serra and east of Skyline south from Buri Buri and is bounded on the east by old Chinese cemetery road. The proposed development would widen out in its southerly locale, front on Pacific Highlands at Pacifica and Junipero Serra boulevard across from the California Golf Club and Avalon Park.

Both Daly City and South San Francisco officials are interested in the Christen lands and acreage south of Christen for future expansion.

South SF councilmen are expected to make a strong bid for the Callan development, knowing that the builder would have natural sewer and storm drainage facilities at his disposal due to SSF's watershed and proximity to "Callan Park."

On the other hand, Daly City would have to weigh the costs of essential municipal services that annexation of the big tract would entail.

Lot sizes would be a prime factor in the annexation. South San Francisco stands pat on its 50-foot requirements, while Daly City allows for 33-foot lots, giving builders the opportunity to erect more homes per acre.

Daly City recently turned down a 100-acre annexation bid east of town in the Crocker Hills because the developer, Standard Builders, made no plans for light industry and sought varied lot considerations.

A demurrer is a counteraction by a defendant, challenging the legality of action taken against him. The suits against Bartz, which if successful could force him to "lower" the high wall, were initiated by both the city and the WSIA after Julio Promomo, Bartz' next-door neighbor, complained to both bodies that Bartz had illegally constructed the barrier.

According to city officials, Bartz repeatedly ignored their directives that he comply with building restrictions.

Double tragedy befell relatives of a middle-aged, former Daly City couple last weekend. On Saturday, Mrs. Patricia F. Arnaudo died at Mary's Help Hospital after a long illness. Two days later, her grief-stricken husband, Aldo B. Arnaudo, passed away at the same hospital. A family friend said Mr. Arnaudo recently underwent surgery and had developed complications.

The couple, who lived the past three years in Millbrae, were the former owners of Shannon Hardware store in Daly City.

A native of Italy, Aldo and his wife were members of Colma - Vista Grande Aerie 1848, Order of Eagles.

Mrs. Arnaudo was buried Monday at Holy Cross cemetery. Her husband was laid to rest there Wednesday.

MOMS' MARCH chairman in doorstep campaign last Thursday evening in Daly City-Colma area, Mrs. Geraldine Vickers, counted out a total of \$4890 in donations. Anyone still wishing to contribute to aid victims of polio, birth defects and arthritis should contact Mrs. Vickers at PL 5-3590.

Register-To-Vote Drive Gets Rolling Here, Country-wide

The emphasis is on "register to vote" in Daly City and throughout San Mateo County. Daly City's 30 deputy registrars are busy encouraging registrations for the April 12 municipal election. Deadline to register to vote is February 18, either with a deputy registrar or at the City Clerk's office, 75 Wellington avenue.

County Clerk John A. Bruning reminds that April 14 is the deadline for all county residents to register to vote in the June 7 primary election.

There are 268 registration sites in SM County for this purpose. For the primary, adult U.S. citizens who have lived in California one year and in this county 90 days prior to the election are qualified to register.

In the 1958 Daly City municipal election, there were 14,505 eligible voters. Turnout at the polls numbered 6721.

Daly City had 34 precincts last time. At least four more are anticipated for the April 12 balloting.

Persons with questions about registration should call the city clerk, PL 5-0850.

New Reservoir Operational In Matter Of Days

Daly City's sixth reservoir, a \$100,000 facility that took six months to erect, is almost ready for operation, acting City Engineer Bill Chapman said today.

Public works department crews Tuesday afternoon slowly began filling the 1,500,000-gallon structure, built by E. M. Penn Company.

The new reservoir, located at the end of Skyline drive just south of Westlake Unit 9, will serve residents of Units 9, 10, 11 and a portion of St. Francis Heights.

No One's Immune—Not Even Firemen

Captain Richard E. May of the Daly City fire department leagued that firemen's homes aren't immune to blazes.

May called his own department Monday at 8:30 p.m. when a cardboard box filled with toys started afire. He put it out before fellow firemen arrived at his home, 153 Woodrow street. The only damage was to the toys in the box.

Crocker Hills Area Site For Elementary?

Jefferson Elementary District trustees Monday night authorized the administration to further explore a school site on the Crocker foothills, north of Market street and east of Atlanta street.

Superintendent Richard Foster noted, "Of the three east of Hillside boulevard sites we looked at during a preliminary inspection, this would be the cheapest." The amount for grading alone, not taking into consideration the cost of the land, is \$127,293.

It includes 7.1 acres, slightly less than the amount desired by the board.

"This site best meets the needs of the district if Moltke street is a through passage," Foster commented.

Trustees then authorized Foster to make a verbal commitment with the largest landowner in the area for an assessment district in order to extend East Moltke street, currently a dead-end street.

The parcel of land is not in Daly City but is within the school district. Foster was au-

thorized to further study the problem and come back to the board with recommendations.

In other business, the board set a two-year "decision" date on the district's five-year option for a school site in Westlake Unit 11, a Doelger development west of Skyline.

The board authorized the proposed three-classroom addition and multi-purpose room for Colma Intermediate school. The three classrooms are within the allowance granted the district by the state. Next step is to place the project before

YOUNGER ANNOUNCES CANDIDACY FOR FIFTH TERM IN CONGRESS

Congressman J. Arthur Younger, in the county on a brief trip from Washington, today announced his candidacy for re-election to a fifth term in the House Representatives. Younger, who flew West with President Eisenhower in the presidential plane, "The Columbine," attended last week's "Salute to Ike" dinner in Los Angeles and introduced Governor William F. Quinn of Hawaii at the Republican fund raising, dinner held in San Mateo Friday.

The Congressman announced that he will run on his record of accomplishments on behalf of San Mateo County plus a policy of "fighting the spenders in Congress."

"The American people, whether Republican or Democrat, are fed up with government spending for various kinds of so-called 'federal aid' to everything," Younger declared. He pointed out that the federal dollar comes out of the pockets of San Mateo County citizens just as much as it does from someplace else in the country, "and in view of the heavy taxes paid from this county, it would appear that we pay more."

Younger said that he would seek both Republican and Democrat support at the 1960 elections, and said he has al-

ready received assurances of support from citizens in both parties, despite the new California law which prevents cross filing. "Everybody can vote for the candidate of their choice in November, regardless of party," Younger declared.

Frank B. Ingersoll Jr., Burlingame, is chairman of the Younger Congressional Campaign Committee, and Harry J. Boyle, San Mateo, is chairman of the Democrats for Younger.

Officer William Schumacher and firemen responded to the motel, in the 6900 block of Mission street, where firemen administered oxygen and the M&D Ambulance drove Blanding to Junipero Serra Hospital. Death was attributed to a heart attack.

as an emergency measure. The transfer of water surplus monies would be a major amount needed to balance the present budget.

Last year the council set aside this special water fund in an effort to speed the water department improvements program. In previous years, there was no such water surplus fund, as such, since these monies were left in the general fund.

The council presently is awaiting the final phase of a \$30,000 water survey by the professional firm of Washington and Associates. The survey is intended to evaluate the existing program, suggest improvements, and recommend adequate water rates.

Frank, who officially assumes DC's managerial post on March 1, has frequently met with the council and budget committee and his recommendations on the current crisis, no doubt, will be expedited by the council.

Paralyzed Woman Has Fatal Attack On West Moltke

A paralyzed woman died at her residence Friday evening, according to the victim's sister who had cared for her the past 20 years.

Gertrude Lovely, 55, 101 West Moltke street, who had been paralyzed on her right side, apparently suffered a stroke and died during the night. Officer James Sunderland said the remains would be brought to Junipero Serra Hospital for death-on-arrival certification.

Josephine Murphy, 49, the woman's sister, notified police.

'Singer' Sought In Strong-arm Robbery Here

Police suspect a singing bandit of the strong armed robbery of Robin Hansen, 24, 56 Miriam street, who was looted of \$9 and struck on the shoulder with a "heavy object" Sunday at 5:10 p.m.

Hansen said he was inside Crocker Cleaners, 6215 Mission street, and then left to go to the parking lot. The commercial fisherman felt a hard object placed in the small of his back when he arrived at his car.

A high-toned voice told him to "Put your hands on the car." Startled, Hansen started to turn and was struck on the shoulder with what police believe was a pistol. "Don't turn around. Where is your money," the assailant demanded.

The robber took a wallet from Hansen's hip pocket, took out \$9 and dropped the wallet on the pavement. "Stay right here," he ordered, and then fled on foot.

Sergeant David Hansen and Officer Tom Culley were inspecting an accident report nearby when a 6-foot, Latin-type man came walking by. He had a rolled up paper bag in his hand, had black bushy hair, and was unshaven. He was singing aloud to himself as he passed the officers.

The policemen said he did not look suspicious at the time but after Robin gave his report they said there was a possibility the "singer" could have been the culprit. Hansen said the man who accosted him wore a grey coat, the only thing he noticed other than the high-pitched voice.

Sergeant Hansen said the suspect who passed wore a grey suit.

SF Woman Found Dead In DC Home

Myrtle King, 519 Natoma street, San Francisco, was found dead at the home of a Daly City woman Friday morning.

When Officer Les Bastardo arrived at the home of Mrs. Hilda Dunn, 33 Alemany street, he found Mrs. King lifeless in the bedroom.

Mrs. Dunn said she received a phone call from Mrs. King and picked her up in North Beach Thursday morning. She said Mrs. King asked her to stop at a drug store in order to pick up some sleeping pills.

When they arrived at Mrs. Dunn's home, Mrs. King went to bed. It was 10 a.m. Mrs. Dunn checked back at 4:30 p.m. and found Mrs. King breathing and snoring loudly, she said. When Mrs. Dunn checked the second time, the following morning, she found Mrs. King dead.

Bastardo said the exact cause of death was unknown pending an autopsy. The remains were brought to Lasswell's Mortuary.

Dog Victimized By Sniper Here

Raymond Craig, 380 Miriam street, reported to police that his dog had been shot with a pellet gun sometime between 9 a.m. and 6 p.m. Thursday.

The dog had been let out into the backyard in the morning. The dog's chest wound was discovered that night. Officer Tom Culley said there were no leads as to who did the shooting.

ROOKIE COP

(Continued from Page 1)
er a San Francisco attorney charged that the Daly City officer tried to prevent him from visiting a young San Francisco socialite whom Wetmore had been dating. The attorney said Wetmore, in civilian clothes, used his service revolver in a threatening gesture that evening outside the young woman's home.

Wetmore admitted to Petrocchi that he had placed his hand on the gun, but denied taking the weapon from inside his jacket.

Even before the incident, Wetmore had informed the police chief that he would soon leave to join the military service.

Wetmore's reference, in his letter of resignation, to the residency requirements was in answer to a directive from Petrocchi in mid-January, citing the fact that the young officer, a San Francisco resident, had failed to move to Daly City by the deadline period, within one year after permanent employment here.

Fall Off Bar Stool Sends DC Man To Hospital

Gus A. Templin, 69, of 527 Templeton avenue, fell off a bar stool at the Wit's End, 6055 Mission street, last Wednesday at 1:30 a.m. and suffered a concussion.

Templin, who had a one-inch laceration on his head, said he became dizzy and fell off the stool, hitting his head when he struck the floor. He refused medical attention and went to his home.

His wife later notified Officer Robert Crocker that he needed medical attention. Crocker drove the man to Junipero Serra Hospital. The attending physician said Templin sustained the possible concussion. Templin was then transported to Community Hospital.

FIREMEN REALLY QUICK ANSWERING THIS EMERGENCY!

Daly City firemen reported to a fire alarm box before it went off Monday at 9:50 a.m. at the corner of St. Francis boulevard and Eastmore avenue.

Strong winds blew a two-wheeled advertising trailer into the alarm box. Firemen went to the box and were attempting to fix it when the alarm sounded. Officer Charles Munday said the sign belongs to Joe Lewkowicz and was being used by McKeon Corporation and St. Francis Heights Improvement Association.

Officer Jim Welsh noted it was the only damage reported to police after the day's heavy winds.

W'lake Association Meeting Called Off, Board Lacks Quorum

Unable to conduct their regular monthly meeting due to lack of a quorum of directors, Westlake Subdivisions Improvement Association Monday night couldn't conduct any official business despite a considerable crowd.

Mrs. Alyce Shea, secretary-manager, said four of the seven board members were "busy elsewhere" and couldn't attend the 8 p.m. session. At least four board members had to be present to make the meeting official for action. Next open meeting will be the first Monday evening in March at 95 South Mayfair avenue.

Directors present were chairman Emory Schoolcraft, Edward Borbeck and William Morrisette.

Roof Collapse Was Explosive

Broadmoor Police Chief Ray Savage said the roof collapse at the new Richmond Wholesale Grocery Company warehouse at 135 Dunks street last Wednesday night caused \$42,000 damage.

Completed last May, the cave-in damage amounted to \$40,000 for the roof and \$2000 to merchandise. The 50-foot square section of roofing that collapsed sounded like a blast to nearby neighbors.

Savage said the cause of the mishap is not known. It could have either been drains being clogged on the roof which caused too much weight for the roofing, or a faulty cross beam. "No one really knows, however, and the firm which supplies QFI Markets is still looking into the matter," Savage added.

Motel Resident Charged With Bad Checks

A Daly City man, charged with six counts of fraud, was released on \$500 cash bail last Friday.

John J. Wilson, 25, who gave his address as Cabin 13 at Milllett's Motel, was arrested there last Monday after it was found five Daly City checks and one Broadmoor check he wrote were not valid. Chief Ray Savage of the Broadmoor police picked up Wilson on a Northern Judicial District court warrant.

Wilson, reportedly out of work since November, was living at the motel with his wife and two children. The bank did not have enough money in his account to cover checks cashed at Giannini's Market, 26 San Pedro Road (87); Anchor Drug Company, 7398 Mission street (10); Mayfair Market, 2350 Junipero Serra boulevard (860) and Daly City Flying "A," 7200 Mission street (15).

Wilson is to appear in municipal court on March 10.

SMORGASBORD SET AT GRACE PRESBYTERIAN

A smorgasbord dinner will be served in the Grace Presbyterian Church social hall, 300 Crocker avenue, Daly City, on Monday, February 15, between 5:30 and 7 o'clock in the evening.

This popular event is being sponsored by Esther Circle, whose president, Mrs. H. Miller of San Bruno, is planning the menu with the Mesdames C. Champagne, Ben Trotter, W. Cloutier, Jim Ford, A. Gardner, J. Murphy, Stan Stevenson, A. Vander Werff, W. F. Woodbury, G. Anderson, D. Carr and Heisch.

Dinner tickets are \$1.50 for adults and 75 cents for children.

DEAD ON FLOOR

Two women reported to police Monday that they hadn't seen John R. Carnegie, 151 Crocker avenue, for the past two days and when they found him lifeless on the bathroom floor.

Helen Villalba, a neighbor of 115 Crocker avenue, and Mrs. Marie Maggi, Carnegie's housekeeper who lives at 138 Crocker avenue, found him.

OBITUARIES

PRIMO BELLONDI

Funeral services were held Monday at W. C. Lasswell and Company for Primo Bellondi, a resident of 240 Woodrow street, who died January 28 at Millbrae Serra Sanitarium. A native of Italy, he was 73 years old and had lived in San Mateo County 28 years.

Bellondi had no immediate relatives. Burial was at Cypress Lawn Cemetery.

PATRICIA ARNAUDO

Funeral services Monday morning at Lasswell's Mortuary paid final tribute to Mrs. Patricia "Pat" F. Arnaudo, former resident of Daly City, who died January 30 in Mary's Help Hospital after a long illness.

A native of San Francisco, she had lived in Daly City 21 years before moving to Millbrae three years ago. She and her husband, Aldo Arnaudo, were former owners of Shannon's Hardware store here.

Mrs. Arnaudo, whose last residence was at 610 Taylor boulevard, Millbrae, was a member of the Auxiliary of Colma-Vista Grande Aerie No. 1848, Fraternal Order of Eagles.

She is survived by her son, Larry, and daughter, Mary Ann Arnaudo; brothers, Harry and Tom Maloney of San Francisco, James Maloney of Emeryville; sisters, Mrs. Harriet Liptack, San Francisco, and Mrs. Dolores Warren, Mrs. Margaret Backlund and Mrs. Irene Scully, all of Daly City; and nieces and nephews.

Rosary was recited Sunday evening, and Mass at Our Lady of Perpetual Help Church at 9:30 a.m. Monday, followed by burial at Holy Cross Cemetery.

State Schoolhouse Planning for approval.

Authorization was given the administration to advertise for bids for the seven classroom additions at Thomas Edison, Abraham Lincoln and Daniel Webster schools. Final plans for George Washington School and the Education Center were also approved to be advertised for bids.

A two-day extension of time was given to Robert L. Castle, vice-president of Louis C. Dunn, Contractors, to complete Lincoln, Edison and Webster K-6 schools. The extension was predicated on the recent carpenters' strike. Deadline date is now February 17.

Abbot A. Hanks Inc. has been employed as the testing firm for the General Pershing School replacement.

Trustees authorized the administration to receive three quotations, since the project is under \$2000, for preliminary work at the Benjamin Franklin playfield. The estimated \$1785 contract would be for fill dirt, catch basins and drainage.

A second phase of this is a \$4700 estimate for development of the playfield, gutters, stairways, concrete pipes and concrete removal.

The third, and costliest phase, is for the sprinkler and drainage systems and completion of the project. Foster did not speculate on the amount it would cost but stated the budget has \$50,000 earmarked for this third part of the project.

In a final action, the board adopted a resolution to apply to the State Allocations Board for \$20,000 to build Colma Teachers' room.

Crazy Cat Caused School Aide To Scamper A Bit

Vinton S. Stratton, 195 South Mayfair avenue, suggests changing the title of "Cat On A Hot Tin Roof" to "Cat On A Hot Kitchen Table."

Stratton's feline pushed papers on the kitchen table into an ash tray which ignited the papers. Stratton doused the fire, which slightly damaged the floor and the corner of his refrigerator.

The incident started at 8:30 a.m. Monday. Stratton is director of instruction for Jefferson Elementary School District.

Hugh Smith Jr. Scores Council In Mission Street Controversy

Dear Mr. Bradshaw:

I should like to take this opportunity to clarify the situation in reference to the proposed division strip on Mission street from Theta avenue to Market street in the southern section.

This project was initially proposed by the State Division of Highways in 1953 and through the concerted opposition of the then City Council, Planning Commission, Chamber of Commerce and the Mission Street Merchants Association, the project was stopped.

Now, this same project has been presently approved by Mayor Dennis, and Councilmen St. Clair and Verducci who constitute a majority of the present council.

No public hearings were called on this issue to inform the property owners and businessmen of the project even though the Council initiated the request for the removal of the street car tracks.

The State Division of Highways replied that they would remove the tracks if the council would approve plans for a division strip six (6) foot wide with only two (2) left turn duck-ins in the approximately 14 blocks encompassed in the project.

The Chamber of Commerce passed a resolution opposing the project and a petition bearing the signatures of 60 merchants was presented to the council.

Mayor Dennis stated that I misrepresented the petition to the merchants, yet he refused to call a public hearing where the merchants could be present and express themselves in person.

A letter from the Chamber of Commerce requesting a hearing was forwarded to the Council on November 19, 1959, and was withheld from the agenda and ordered filed. The Chamber has not received a reply to their request to this date.

Police Department records show 13 accidents during 10 1/2 months of 1959 at the "Top of the Hill" on Mission street where they have signals and a division strip, whereas in the 4600-foot proposed project only 15 accidents were recorded.

Also, in response to the Chamber's inquiry to the Daly City Police Department as to their opinion is the following answer:

"It is my opinion that there would be an increase in rear-end collisions and a tie-up of traffic in general without left-turn duck-ins on Mission street."

Mayor Dennis also stated that the Public Utilities Commission of San Francisco would not participate in the track removal, yet Mr. Sinclair of the Highway Division stated

that San Francisco had allocated \$12,000 to the project.

This sum is more than sufficient to repave over the existing tracks and eliminate this hazard.

It is my personal opinion that if Dennis, St. Clair and Verducci are intent on destroying what business there is left on Mission Street, this project in addition to the parking meters should do the trick.

For those not familiar with the background of the meter installation, the following may be enlightening.

To overcome the opposition of the merchants, the council passed an ordinance stipulating that the monies derived were to be placed into an off-street parking fund.

Within a short time after the ordinance was passed and the meters installed, the Council under Mayor Verducci rescinded the ordinance and placed the money into the general fund.

If this transaction had taken place in private enterprise and over \$100,000 had been diverted from proper funds, it would be considered highly unethical to say the least.

Each year, not counting the court fines for violations, the meters take in approximately \$19,000 and this also is diverted into the general fund.

Depleted funds, deficit financing, unbalanced budgets and bad planning will continue to be with us unless the voters consider the qualifications of the candidate rather than their personal popular appeal.

Hugh H. Smith Jr.

Dear Mr. Bradshaw:

I would like to take this opportunity to thank you for your assistance in recruiting mothers for our Woodrow Wilson PTA "March of Dimes" drive.

The response was greater than expected.

Thank you again.

Americans Have Finest Drugs In World Today

Americans today are the world's healthiest people largely because of thousands of failures suffered in medical research, Pharmacist Elton McGraw of Daly City said today.

"This may sound like a strange idea," McGraw asserted, "but, nevertheless, it is true."

What is not generally realized by the lay public, he pointed out, is that for every major drug discovery the pharmaceutical industry writes off hundreds, even thousands of failures. The pharmaceutical industry, in fact, considers itself fortunate if it develops one useful drug out of every 1,000 chemical compounds it investigates, he added.

To some, the local pharmacist said, this may sound wasteful in manpower and money. The fact remains, however, that screening and testing thousands of different compounds is often the only way of finding a drug which may revolutionize the medical treatment of some hitherto fatal disease and save thousands of lives.

As an example, McGraw cited the case of a well-known antibiotic, which was discovered only after scientists had screened and tested 1,000,000 soil samples. Two and one-half years and more than \$4,000,000 was spent on the project. Today, however, that antibiotic is one of medicine's most formidable battles against bacterial disease.

"Americans have the most effective and potent medicines in the world today, simply because our medical researchers are willing to face failure after failure in their attempts to find new drugs to alleviate illness," the local pharmacist asserted.

"For this reason," he added, "a drug which has newly come on the market is often somewhat expensive. Penicillin, for instance, cost \$900.00 per billion units in 1946 when it was first developed. Today, the cost of penicillin has been reduced to something like 90 cents per billion units."

Another germ fighter, which is newer on the market than penicillin, costs about 50 cents per capsule at retail, the pharmacist said. This cost reflects the vast amount of time and money which the pharmaceutical industry expended to find and develop the drug. However, \$15 worth of this medicine is sufficient to clear up a case of pneumonia in about a week. Twenty years ago, pneumonia killed one out of three cases; if you survived, it cost five weeks in the hospital plus a long convalescence at home. Medical bills ran up as high as \$300 or \$400.

"Medical research," the local pharmacist concluded, "is a complicated, time-consuming business filled with uncertainties and disappointments. It involves huge investments in laboratories and equipment and requires the efforts of thousands of highly trained scientists."

"But, today Americans live longer and stay healthier. If they do get sick, their illness often is shorter and their total medical bill is smaller."

"All of this can be had for only a few dollars worth of a miracle—a miracle discovered and produced by American pharmaceutical know-how," McGraw concluded.

Air Defense Command's Choral Group To Present Concert Here

The famed United States Army Air Defense Command Choral Group will appear in a free concert next Tuesday, February 9, at 1:30 p.m. in War Memorial Community Center, 144 Hillside boulevard, Daly City.

Elementary and high school students throughout the Daly City area will be escorted to the concert by their teachers in groups.

The hour-long afternoon concert will be sponsored by the members of Battery C, 4th Missile Battalion, 61st Artillery, stationed at Pacifica.

The Choral Group has a wide musical repertoire including many airs from traditional American folk music, selections from outstanding musicals, such as "South Pacific," many colorful medleys, and stirring military songs.

This famous group was organized in May of 1958. Since then its members have become seasoned travelers, having appeared in approximately half the state in the country, and in Canada.

The primary mission of the Choral Group is to entertain personnel at far-flung Nike guided missile installations of the United States Army Air Defense Command. All USARADCOM missilemen have, at some time, had the opportunity to hear the singing group at their own or nearby installations.

When it sang at Seattle's annual city picnic in Lincoln Park, the group faced its largest estimated audience—7000 persons. In a 15-minute outdoor capella concert, it assisted in honoring that city's Japanese population on the occasion of a visit by 1200 Japanese naval cadets on world tour.

Another large Pacific Northwest audience greeted the Choral Group at Spokane, Washington, where a concert was given at the Spokane Indians baseball park before approximately

5000 spectators.

At West Point, New York, the men were given a standing ovation by 2400 cadets at the U. S. Military Academy.

During its short history, the Choral Group has appeared before a number of distinguished persons. In Colorado Springs, it sang at a luncheon honoring Secretary of the Army Wilber M. Brucker during the secretary's visit to command headquarters. Mayor George Christy of San Francisco was in the audience when the group sang at the Presidio of San Francisco, as was Fred Pratt, dean of music at University of San Francisco.

Numerous radio and TV stations throughout the nation have presented the group in concert, and the men have appeared on TV at Sault Ste. Marie, Canada, a broadcast that was carried by the Canadian Broadcasting Corporation.

Trustees Okay Teacher Pact With SF State

Jefferson Elementary District trustees Monday approved the master teaching agreement with San Francisco State that will find \$650 being allocated to the local district for the period September 21, 1959, to January 29, 1960.

The rate of \$5 per semester units.

Jess Parks, teaching vice-principal at Crocker School, has been appointed full time vice-principal there.

The board also released Mrs. Mary Pitt from her contract as kindergarten teacher at Colma K-6, effective February 12. She is to leave with her husband who is being transferred to Florida by Pan American Airlines.

Hired to replace her was Margaret Ann Walde, who received her A. B. degree from University of California. Other teachers hired were Mrs. Carol Lea Cadd, who completed her teaching assignment in the Jefferson District, and received her A. B. degree from San Francisco State; Mrs. Jane S. Wusthof, who received her A. B. from the College of Pacific and teacher's credential from San Jose State; and Virginia M. Wisner, who received her A. B. degree from San Jose State.

Jeff Elementary District trustees will hold their March meeting on the third of the month, and omit the action meeting scheduled March 7.

Superintendent Richard Foster said the change in dates was due to a conflict in dates, a number of the administrative personnel not being available for the March 7 session.

A letter in the New York Herald, August 19, 1848, announced the earlier discovery of gold in California.

The list of former Daly City councilmen who are still prominent and going strong is quite lengthy.

To name a few—Mel Battye, Ed Cavagnaro, Hugh Smith Jr., Jim Kennedy, Paul Green, Tony Gaggero, Arthur J. Boden, Sanford Vickers, Del Wilson, Fred Bertetta—and still more who date back considerably.

Wilson, unseated in 1958, will try again April 12. Vickers is expected to do likewise, and Boden has been making the rounds quite vigorously like a rumored candidate should.

Will the Daly City council "officially" proclaim "Joe Verducci Day" here next Thursday?

The mayors of San Francisco and Oakland already have issued proclamations honoring the veteran DC councilman.

It would be ludicrous and awkward if the Daly City council didn't formally proclaim "Verducci Day" in keeping with the Bay Area-wide tribute set for Little Joe next week.

After all, Verducci is a native of this town, and the congratulations should start at home, like charity.

Ann Jones, secretary to DC's city engineer (head of the public works department), is now Ann Madsen.

The beautiful blonde became the bride of Ben Madsen, former draftsman in the same office, on December 26 in her native Provo, Utah. Ann's a graduate of Brigham Young University.

Ben, who now works for Ted Tronoff engineering firm, hails from Fresno.

Needless to say, the young couple will make their home here. It's in the rules and regulations, you know.

No Fairy Tale—'Twas A Thief

The famed bandit of Sherwood Forest, Robin Hood, left his mark in Daly City last week.

Garland E. Cole, 19 Woodrow street, reported to police that a bow, quiver and 12 arrows worth \$125 were stolen from his pick-up truck which was parked in front of his home. Cole said the bandit broke a spring lock which held the aluminum cover over the bed of truck.

Police had the 1956 model auto towed away, then notified its owner—Councilman Bob St. Clair, who lives at 76 Ocean Grove avenue in Westlake. St. Clair reported it missing Wednesday at 5:25 p.m. while he was shopping on Mission street.

AROUND TOWN

By ROY HURLBERT

George McKeon discouraged by losing his \$5 million bid for a San Francisco franchise in the fledgling American Football League?

Certainly, but the young builder of St. Francis Heights did his darndest, and he almost came away from the "Decision in Dallas" victoriously.

Over coffee here Monday, George noted that at one stage of the Texas talks, his offer just missed unanimous approval. But then Oakland came to the fore and the bloc of votes swung the other way. Atlanta also got left out in the cold.

George says Oakland will be handicapped by the lack of a home stadium, but McKeon concedes that the East Bay franchise is a jump in the right direction.

"The Bay Area is ideal for more professional sports," George went on. "I am very much interested in a pro basketball franchise here and efforts for major league hockey."

During same tete-a-tete, McKeon the younger said the freeway uncertainty is the reason for Zita Corporation's delay on pinpointing its proposed shopping center.

McKeon's tract has about 1300 homes, with some 700 more to be built. About 50 of St. Francis Heights' total acres was set aside for public schools. Roughly 225 acres were left for homes.

The McKeon shopping center area, fronting Junipero Serra, originally was intended to cover 25 acres. But the freeway probability has killed off a shopping center at this spot and Chris and George probably will settle for a 12-acre shopping center tract southwest of Junipero Serra.

McKeon and Callan Company have their eyes on the vast Christen ranch property south of St. Francis Heights. Major annexations are being sought by the builders, but the Christen landlords are clinging tenaciously to the acreage, and for good reason. The longer they hold the land the more valuable it becomes.

The Daly City "Ministerium," organized group of church leaders, has asked the city council to institute "prayers" prior to each council meeting. Ministers of the many congregations here would take turns in the ceremonies.

In view of the nature of recent council sessions, where attendance reflects the extent of community concern, a few prayers would do much to add more dignity to the proceedings.

One of the busiest gents in town is Ed Morgan, high school superintendent, whose leadership in the Chamber of Commerce and Rotary Club has given both groups a shot in the arm.

Morgan has done as much for community unity as any two people we've come across the past few years.

Just about all the "Who's Who" ladies groups this side of the Bay Area have taken notice of the YWCA's monthly fashion shows at Johnny Swanson's Westlake Bowl.

Manager Jim Grealish and YWCA Director Elaine Wolfe stage downright professional affairs for the fairer sex.

Last week's show, for instance, was sold out well in advance and the SRO sign was posted early.

Miss Wolfe, by the way, has the type of personality that brings success to any venture.

Dr. David Shapiro, the former linebacker who handles the fiscal books and budget matters for Jeff Elementary Schools, was among the 106 local residents who donated when the Peninsula's Bloodmobile unit set up camp in Westlake three weeks ago.

Shapiro, always willing to help a good cause, has donated every time 'cept one in the district-encouraged project.

The lone abstention by Shapiro came about two years ago a few days after the school district's bond issue failed at the polls. Dave came up with high blood pressure, disqualifying himself as a donor.

The second-try bond election passed and so did Shapiro's temporary ailment.

Dee Van Nest, Daly City's short-haired parks-recreation director, has nothing but praise for Louis LaCombe, chairman of the parks-recreation commission.

"Lou," Dee speaks, "has done a fine job and his interest in this field amazes me."

Van Nest also cited the conscientiousness of commissioners Ed Cavagnaro, Ann Eason, Dutch Elston and Bill O'Rourke.

Elston is a high school coach in San Francisco. It's encouraging to have a man of his background on the DC board.

Supervisors Praise Electricians In Proclaiming National Week

San Mateo County electricians and their colleagues won warm praise from the Board of Supervisors Tuesday as it proclaimed February 7-13 as National Electrical Week.

In a resolution introduced by Supervisor Edward R. McDonald of Burlingame, the board called attention to "the contributions to our common welfare—including the saving of individual lives—by the people of the Electrical Industry."

The life saving reference was to artificial respiration successfully administered by electricians: by Ernest Costa, 356 East San Bruno Avenue, San Bruno, to a 17-month-old Westlake girl December 12, and by Bob Eggleston of Palo Alto and Toby Silva of Redwood City to a 7-year-old San Bruno carter on a construction job in Burlingame in October.

During the year, safety training was given more than 100 electricians and contractors in special courses sponsored by the Electrical Construction Industry, a joint undertaking of wiring contractors and Local Union No. 617, International Brotherhood of Electrical Workers.

The board's resolution also declared that the people of the electrical industry:

(1) "By their knowledge, skills and organizations provide indispensable services to the homes, offices, stores, industries and public institutions of our communities in the form of electrical energy and its many uses."

(2) "Fulfill the highest responsibilities of good citizenship by conscientious participation in our institutions of self-government and civic betterment."

The electrical industry, the resolution said, includes electrical wiring contractors; dealers, distributors and manufacturers of electrical equipment; electrical inspectors of city and county governments; the electrical utilities; labor unions; electrical service, repair and maintenance people; and many others in allied occupations.

National Electrical Week is observed each year during the week of the anniversary of the birth of Thomas Alva Edison.

DO YOU EVER PLAY TRICKS LIKE THIS?

It's the old multiple electric plug game so popular in all too many homes these days! You know—the trick's to see how many plugs you can plug into one another... then plug them all into one outlet! It's a mighty dangerous trick. When you plug in too many appliances, you overload the wire. That makes the wire overheat... often start a fire!

Better not play that game.

Better call us for an electrical check-up!

'600' Series More Frequent At Swanson's

Breaking through after a long drought, the bowlers at Swanson's Westlake lanes went on a pin-hitting spree to sprawl the maple sticks for many 600 series.

Leading the assault was Charles Nocentini, sponsor of Charles' Grocery team in the 850 loop. Charlie racked up a 637 with games of 214-180 and 243. His hot kegling gave his team a clean sweep over Westlake Liquors.

Jerry Reed finally caught fire with a 635. Reed blasted the maples with 235-212 to lead the AAA Emblem five to a three game sweep over the Elken Signs in the 825 scratch league. Also having a nice series was Chuck Caliva. He posted a 231/609 in the same loop.

In the Lawson Roofers mixed, Tony Cavalli improved each game to register 190-211-220/621 as his foursome trounced the Rays group. Frank Falconi's 224/602, in the same loop, enabled the Lawson four to win the odd game from Simons.

Riding high is Pete Gandaglia of Kennedy Electric in the Lake Merced league. Carrying a 147 average, Pete is still trying to figure out how he was delivering the bowling ball as he posted his highest series and game — a 242/618. Bob Kern, secretary of the loop, came through with a 225 last game for 606.

Vic Dermody put together 225/203/617 for the Circosta Metals in the T.G.I.F. league. Ben Bonaparte, an old-timer in the sport making somewhat of a comeback, spilled the pins for 210-222/608 in the Variety Club loop. Sam Haar with 216/600 was tops for the B'nai B'rith loop.

Ten Pin Chatter... The women did well, too. Pat Bertsch was high for the 99ers loop with 202/589. For the Evening Stars it was Alice Schultz with 190/532 and Dot Lambertson's 513. The newly organized Sunday Sweepers loop had Jean Rising posting a 216/503.

The girls in the Women's Classic broke into the 500 series and 200 game output. Judy Wheeler had 201-214/566, Helen Mathews a 224/536, Val Freeman, 185/512, Moira Senn 197/512, Marge Murray a 200/501, and Tee Rolling a 201 game.

Jess Addkins missed the charmed circle with 224-218/599. Posting high games were Nate Perlman of the PAL Coaches in the "Fearless 10" loop, a 256. Rich Cryer had the same for Paulsen Shell in the Country Club Handicap. Jim McGuirk rolled a 240 in the Eureka "825" for Somerton Lounge.

Pacificans Plan Co-operative Nursery School

Parents interested in forming a co-operative nursery school will meet on Monday, February 8, at 8 p.m. in the Vallejo School staff room to discuss public relations and publicity for a co-op.

Mrs. Carol Hardgrove will advise the group on publicity, fund-raising and the position of the advisory board. This is fifth in a series of meetings set up by the adult education division of the Jefferson High School District. Louis Martin, director of the adult evening school, arranged these meetings because such a great interest has been shown by Pacifica parents in having a co-operative nursery school.

All Pacifica parents interested in having a nursery school (which is less expensive than private schools because of state aid) are urged to attend the Monday night meetings.

Fourth grade boys and girls in Mrs. Schneider's class at Vista Grande School recently presented an original play depicting life in an early California mission. The play was the culmination of a study unit on California mission life.

The play was written entirely by the class, incorporating classroom activities in the play. The introduction to the play was given by Dianne Ames, Elizabeth Marcum, and Lillian Miller. Father Serra was played by Bert Ramirez, and Father Diego by Bruce Radlinski. The parents and guests saw the class participating in the following activities: building an adobe mission, Heino Kemnitz, Richard Lacayo, Richard Felix, Robert Ceinar, James Golden, Garry Falk, William O'Toole and Jeffrey Wallace; making tallow candles, Michael Ortiz, Barbetta Jones, Barbara Miller, Ronnie Ogren, Mary Frances McBride, and Linda Obringer; making rope, Gary Weber, David Lee, Danny O'Toole, Tony Mezzanotti; making tortillas, Mary Madrid, Virginia Ansaldo, Gloria Ayala, Martine Jubeault, Christina Oliveri, and Alana Romo.

Suzanne Perada and Ramona Spinetti explained how hides were tanned and cured. Cathy Bogdan, Elizabeth Joseph, Stephen Henesie and Kathleen Tarantino explained why the missions were established in California.

The play was under the supervision of Mrs. Joan Williams, a student teacher in Mrs. Schneider's class.

Earlier in the week the class visited Mission Dolores, Wells Fargo Bank and the mission exhibit at the Cliff House.

CONSTRUCTION GRANTS

Schools Repay State Loans With \$15,577,301 This Fiscal Year

SACRAMENTO—State-aided school districts must repay the state a total of \$15,577,301 in 30-year construction loans during the 1959-60 fiscal year, State Controller Alan Cranston said today.

The money, raised through state bond sales, was advanced to the school districts under the 1949 State School Building Aid Program and a companion program in effect since 1952.

Cranston said \$11,828,968 is due from 324 districts under the 1949 loan program and \$3,748,333 from 207 districts under the 1952 program.

The repayments will be applied against outstanding balances of \$211,465,948 on the 1948 program and \$369,833,846 on the 1952 program.

Repayments this year will range from \$1 due from the San Mateo City district under the 1952 program to \$450,699 due from Compton Union High School district under the 1949 program, Cranston said.

Jefferson Elementary District of Daly City-Colma will repay \$64,590.68 to the state this fiscal year, while Pacifica's Laguna Salada Elementary District's rate is \$15,728.73.

South San Francisco Unified District will repay the state a total of \$202,492.32.

The burden of repayment falls on the school district taxpayer indirectly.

Repayment is effected by a deduction from the state school apportionment allocated to the district in the current fiscal year. But the resultant loss of school support is made up by the levy of additional tax upon property in the district.

The loans under the two aid programs are repaid on the basis of ability to pay. Thus, Cranston said, the repayments from some districts are deferred until their fiscal position is strengthened.

The repayment formula is based on the relationship between the district's assessed valuation and the amount which the district must raise by property taxes to pay principal and interest installments on that portion of its bonded indebtedness incurred prior to, or as a condition to, its participation in the aid programs.

In addition to the construction loan repayments, a total of \$1,080,048 is due from 57 school districts in 1959-60 on special apportionments for school site purchases under the 1952 program, Cranston said.

DC Parks-Recreation Commissioners Will Attend State Confab

All five Daly City parks and recreation commissioners will accompany Director Dee Van Nest to the California State Recreation Conference, February 14-17 in San Jose.

The board discussed the conference at last week's commission meeting. Van Nest is chairman of the commercial exhibits section of the conference, one of the four-day event's features.

In action last week, the commission approved use of city facilities by three groups.

The Girl Scouts will use War Memorial Community Center for "Girl Scouts In Action" in April. Wesley Methodist Church was granted use of Westlake Park clubhouse for religious services on Sunday mornings beginning in March. The commission also approved the Widows and Orphans Dance, scheduled by Daly City firemen for later this spring.

Ex-Yank's Homer Paces Bowlers To 12-6 Softball Win

With ex-Yankee Charlie Silvera hitting an inside-the-park home run, the Battling Bowlers from Westlake Bowl defeated Frank Falconi's Fearless Falcons in their semi-annual softball game Sunday at Westlake Park. Although the Falcons led 5-0 at one time, the Bowlers scored five runs in the fifth inning and went on to win, 12-6.

Six scoring opportunities by the Falcons were killed by sparkling double plays on the part of the Bowler infield. Missing the power of pinch-hitter Ed Heiser, the Falcons were unable to pound the pitching of Rich Brewer. John Swanson got three of the winners' 18 hits.

Youth Benefit Dance Slated In Westlake

Marian Council No. 3773, Knights of Columbus, and Emydian Institute of the Young Ladies Institute of Daly City-Colma announce jointly that they will co-sponsor a Youth Benefit Dance in the Westlake Auditorium on Friday evening, February 26, from 9 p.m. to 1 a.m. Donations of \$1.50 a person and \$2.50 a person will be accepted as price of admission.

The public is invited to attend. Proceeds from the dance will be used in the organizations youth funds which provide scholarships to Catholic High Schools, and various youth endeavors that both organizations undertake during the year.

PRESBYTERIAN CHURCH SLATES AFRICA STUDIES

"New Faces of Africa" will be the film shown Sunday evening, February 7, at Broadmoor Presbyterian Church. Africa has been chosen by the church for its study theme this year on Ecumenical Missions.

The program includes a snack supper from 6 to 6:30 p.m., study groups for all ages from 6:30 to 7:15, and a film or speaker from 7:15 to 8 p.m. Everyone is invited to attend. The Rev. E. V. Wright, former missionary to Africa, will be the speaker at the Sunday evening program on March 6.

Lillian Klassen Leads Jeff PTA Founders Affair

Mrs. Lillian Klassen, chairman for "Our Founders" program of the Jefferson High School PTA on February 18, announces that plans for the evening are complete.

Fire Chief Elmer Kennedy will show a collection of slides on Daly City in earlier years.

There will be a brief history of Jefferson PTA. Many past presidents and honorary life members will be present to help celebrate.

Mrs. Anne Eason has promised a large birthday cake. There will be coffee and sandwiches as well.

It is hoped that all parents and friends will attend and enjoy the birthday party.

Richfield Cites Joe Lewkowicz For Nine Years' Duty

Joe Lewkowicz, Daly City Richfield dealer, was given recognition by the oil firm at a Dealer Club dinner in San Francisco last week for his nine years in the service station business with that supplier. During this time, Lewkowicz estimates he has dispensed over a million gallons of motor fuel in Daly City. He operates the station at San Jose avenue and Bepier street. Lewkowicz is also known locally for his activity as chairman of the elementary school board and for his active participation in Red Cross and other charity drives.

The dinner event, hosted by Richfield for its dealers and their wives, was held at Sallie's Capri Room in San Francisco and was attended by couples from the San Francisco-Daly City area. The anniversary dinners are promoted by the oil firm for its dealers having five or more years tenure as service station operators.

2nd Grade Teacher Is Surprised By Her Co-workers

Mrs. Ann Katsoras, second grade teacher at Colma K-6 School, was delightfully surprised at a shower-party given by her co-workers prior to her maternity leave.

Adrienne Nelson and Jean Bryant planned the decorations which included a large umbrella with a shower of pink and blue paper pompons. The centerpiece of the serving table was a silver tree upon which hung numerous items for a baby.

Those who honored the mother-to-be included Beverly Schaeffer, Clara Klaisner, Jean Fletcher, Barbara Busetto, Hester Blaylock, Ruth Fletcher, Dorothy Malone, Sidney Warren, Elvera Cody, Iola McKeown, Sylvia Silberstein, Anne

Kids Treasure Ike's Letter At Vista Mar

A letter from President Dwight Eisenhower is greatly prized by Mrs. Gerdes' fourth grade class at Vista Mar School. The letter was sent in reply to a letter from the class inquiring about the history of the White House.

The boys and girls are collecting information for their essays to be submitted for the American Legion Essay Contest.

In addition to the letter from President Eisenhower, they have received letters and pamphlets from the Chamber of Commerce and the Library of Congress, Washington, D.C.

Sandy Henley, one of Mrs. Gerdes' fourth grade students, has been busy giving the class first-hand information about the White House since her return from Washington, D.C. last week.

Mrs. Oberlander's second grade, as part of their extended reading program, have presented dramatized versions of their stories by means of puppets to two first grade classes, Mrs. Farmers' and Mrs. Wolfson's.

Thieves Make Ra'id On School Project

Vehicle Code's 'Negligent Driver' Provision Brings Penalty Points

Anyone who has observed the irresponsible antics of motorists whose reckless driving jeopardizes the lives of other motorists and pedestrians alike, is inclined to say, "Why isn't there some way to get these dangerous drivers off the streets?"

Actually, there is a program in operation in California which attempts to find out who the dangerous and incompetent drivers are and which is designed to get them off the highway before they are involved in a serious accident, says the California State Automobile Association. One phase of this program is the "Negligent Operator" provision of the Vehicle Code. This is how it works—

Whenever a person is convicted of any of the following sections of the Vehicle Code, two penalty "points" are assessed against his driving record:

- Driving while operator's license is suspended or revoked.
- Hit and run resulting in property damage.
- Drunk driving.
- Hit and run after striking an unattended vehicle.
- Reckless driving.
- Reckless driving that causes bodily injury.

For any other traffic conviction, such as speeding, following too close, running a stop sign or traffic signal, changing lanes illegally, etc., one point is levied against the person. Inasmuch as the individual courts have no way of knowing how many previous violations a person may have, the convictions are forwarded to the Department of Motor Vehicles in Sacramento where they are kept on record.

A person whose driving record shows a violation point count of four or more points in twelve months (or six points

or more in 24 months, or eight or more points in 36 months) will be presumed to be a "negligent operator" of a motor vehicle. He is then investigated by the Department of Motor Vehicles to determine whether his license should be suspended or revoked or any other conditions imposed.

This investigation consists of a careful appraisal of the person's physical ability to drive a car safely as well as his knowledge of motor vehicle laws and his attitude toward those laws.

Father Foudy TO Speak At St. Michaels

The Valentine Tea, to be held on Wednesday, February 10, at 1:30 p.m. in the school cafeteria, adds more pleasure to the month's activities. Mrs. Barbara Robbins and Mrs. Olga Rose, co-chairmen, have invited all the mothers of St. Michael's School to this annual affair.

The Parish Dance, scheduled for Saturday, February 27, will end the February social calendar. It will be held at George Washington Hall, San Jose and San Juan avenues, starting at 8 to 9 p.m., with a "break the ice" cocktail party, and dancing to Al Brel's orchestra until midnight, when a buffet supper will be served.

McKeon Leads 'City Of Hope' Fund Campaign

Chris McKeon, prominent builder and developer in north San Mateo County, today was named honorary chairman to head the local fund drive for the City of Hope National Medical Center. A co-chairman for the south San Mateo County area will be announced in the near future.

In accepting the appointment, McKeon called attention to the nationwide scope of the City of Hope which accepts patients without charge at their National Medical Center near Los Angeles. In addition to treating victims of cancer, the leukemias, hereditary diseases, blood, chest and heart disorders, the hospital maintains a continuous program of medical education and research aimed at the eradication of these diseases.

Under the leadership of McKeon, long identified with the development of San Mateo County, the newly formed Northern Peninsula Chapter of the City of Hope feels that this will be the most successful fund-raising event to date.

City of Hope volunteers will call on local manufacturers and retail outlets to solicit merchandise for the Town Fair to be held at the Scottish Rite Temple, Sutter and Van Ness avenues, San Francisco, on March 18, 19, 20 and 21. This is one of two annual fund-raising projects which are the sole support of this non-sectarian National Medical Center.

'Song Of The Troubadour' Takes Audience Back To Old France

By Servart Ojakian

With a song on his lips and a smile in his eyes, the troubadour of ancient France traveled from place to place and told his story to beautiful ladies and gentlemen. But now he wants to tell it to the children and adults of our community as the "Song of the Troubadour."

It is a lovely story with singing, dancing, and acting, and can make everyone's life more exciting and happy.

"Song of the Troubadour" is set in the time of the troubadours and crusaders in southern France and is designed in that period by the internationally famous artist, J. Paget-Fredericks. Music for singing and dancing is taken from old French tunes. Martha Bigelow-Eliot is the director and producer with her 14th production for the children of California under the Guild banner.

Sybil Siegel is assistant director and company manager. She plays the delightful part of "Gresila," the gypsy queen.

Berton Bennett, beloved veteran of stage and radio, will again join the company for the fourth season and will take the part of the colorful merchant, "Mumentric."

Jacques Denbeaux, well-known to Bay Area theater audiences, rejoins the Guild after several years' absence. He will play the role of "Raymond," the handsome young Duke of Limousin.

John Brebner, technical director and stage manager for the 1959-60 season of the Guild, will be seen in the title role.

Sue Norton, having just graduated from Mills College as a music major on a scholarship, has won an apprenticeship with the Guild and is taking the part of the young gypsy princess, "Amarilla."

Marge Dupuy is a graduate of San Jose State College and is playing the role of "Eleanor," the beautiful Countess of Auvergne.

"Troubadour" is a good play, and you will surely understand it very easily as well as enjoy it.

Announcement of the sale of tickets will be made this week at your child's school. The cost is 50 cents per person, both

children and adults. Parents may attend also.

Every school in this district will have tickets on hand. It is advisable to buy the tickets in advance.

"Troubadour" will play here on Friday, February 12, at Colma School and on Saturday, February 13, at Benjamin Franklin School. Both days it will start at 1 p.m. and last an hour.

Old Buildings On High School Site Will Be Burned

It may cost two men who bought buildings on the Oceana High School site for \$10 apiece a total of \$90 apiece to have them removed by the Jefferson High School District.

Trustees Monday night instructed Superintendent Ed Morgan to have the fire department burn the old house and shack at a cost of \$180. The men who bought the two old structures signed a contract saying they would remove the buildings. The time has elapsed and the buildings are holding up grading at the site.

Board members told Morgan to have the structures burned and hand the bill to the district attorney. It is believed that D. A., in turn, will deliver the bill to the men who bought the buildings. Business Manager Fred Goodell said the men have taken articles from the structures and therefore assumed possession.

Local Activities Salute Anniversary

Lake Merced, Daly City Area Scouts Schedule 'National Week' Rites

By Clare Decker
Scouts of the Lake Merced District and Daly City area will join 10,000 fellow Scouts in San Francisco and more than three million in the country to celebrate their golden anniversary during Boy Scout Week (February 7-13).

Chairman of Scout Week is James L. Hall Jr., local lumber executive, and anniversary activities in the district, including religious services, window displays, parents' meetings, blue and gold dinners and reunion parties and banquets, are under the direction of District Chairman Judge Frank B. Blum and District Commissioner Howard I. Stites, both of Daly City.

Lake Merced Packs, Troops and Explorer Posts will stage a special outdoor Scouting demonstration honoring their 50th birthday in the Stonestown Mall, Friday and Saturday, February 12-13, which will feature camping, cook and pioneering skills, and Cub handicrafts, games and contests.

The anniversary observance will kick off with the annual Sea Scout Bridge of Honor and Ball Friday, February 5, at the Daly City War Memorial building at 8 p.m., where Sea Scout ships receive their annual awards, including trophies for sailing and powerboat races, national ratings, etc.

Special religious services will be held on Scout Sabbath, Saturday, February 6, in synagogues throughout the city and on Scout Sunday, February 7, in churches of all denominations.

Hundreds of the city's Scouts will march in three parades on Saturday, February 6 in the Richmond, Sunset and Mission Districts. The latter is sponsored by the Mission Merchants' Association, starting at 10 a.m. Saturday at 15th street and including the Sixth Army Band, the U.S. Coast Guard Band, the Municipal Band, San Francisco's famous mounted police and Troop 12 and Troop and Post 58 drum and bugle corps.

Catholic Scouts from the district will join several hundred other Scouts from the Archdiocese to march in the annual Catholic parade and reverent Sunday observance on February 7 which begins at 12:45 p.m. at Civic Center and proceeds up Van Ness avenue to St. Mary's Cathedral where Ad Altare Dei awards will be presented at 2 p.m.

A large group of district Scouts are enrolled in the Golden Anniversary Speakers' Bureau of the San Francisco Council which is being conducted by attorney members of the S. F. Barristers' Club. Recommended by their unit leaders, participants attended two training sessions during January where they were auditioned and coached by members of the Barristers' Club.

Themes for the one to two-minute speeches are based on the 50th anniversary of the Boy Scouts of America and the Cub Scouts and Explorer members of the bureau will be booked into more than 30 local service clubs and other organizations as guest speakers during Scout Week.

At the February 10 meeting of the Daly City Rotary Club, H. C. Mugar, deputy Scout executive of the local council will deliver an address on Scouting.

Chapter One of the Knights of Dunamis, Eagle Scout honor society, will host fellow Eagle Scouts from all over the state at the national grand board meeting Saturday, February 6, at the Californian Hotel. Visiting Eagles will be guests of chapter members who will host them in their homes and take them on several tours of the city.

The Knights of Dunamis was founded 35 years ago in San Francisco and has since become a national organization with chapters all over the country.

The annual B'nai B'rith window display contest with all the city's Packs, Troops and Posts participating will run from February 7-13 in neighborhood stores, banks and libraries. The district with the highest percentage of participation in the contest will receive a trophy.

Scouts will take part in the annual ceremonies in honor of Lincoln and Washington's birthdays at City Hall on February 12 at 1 p.m.

Members of the Order of the Arrow, camping honor society, will stage an anniversary dance Saturday, February 13 at the Mercury Athletic Club at 8 p.m.

The golden anniversary Eagle Scout banquet will be held March 2 at the Bohemian Club at 6:30 p.m. with the following district Scouts attending as guests: Troop 340, sponsored by the Lake Merced Club; Robert Butler, 190 San Benito Way, Craig Deasy, 321 Font Boulevard, Lynne Glassman, 333 Santa Ana avenue, Allan Mord, 559 Miramar avenue, Manuel Ornellas, 2211 Francis avenue, Santa Clara, Robert Walley, 140 San Anselmo avenue, Stephen Dobbs, 1601 Monterey boulevard, and John Dismeyer, 301 Westgate; Post 340: Richard Jones, 301 Byxbee, and Lawrence W. Teshara, 801 Darien Way; Troop 50, sponsored by Men's Fellowship, Pilgrim Congregational Community Church.

Several important events will take place nationally during the anniversary year including the Jubilee Jamboree to be held at Colorado Springs, Colorado, July 22-28. Lake Merced District will send an entire Troop of 40 boys to this ten-day encampment where they will join 50,000 fellow Scouts from all over America and several foreign countries.

Howard I. Stites is chairman of the San Francisco Jamboree committee and will head a delegation of over 200 boys attending the event. Leadership for the Lake Merced Troop will include Edgar Newlon, 253 Victoria street, Scoutmaster of Troop 50 as Jamboree Scoutmaster; John B. Graves, 947 Geary street, Scoutmaster of Troop 88, Assistant Jamboree Scoutmaster; and Robert Evans, 325 Higate avenue, Daly City, an assistant district commissioner, as Assistant Jamboree Scoutmaster.

During 1960 a commemorative tribute in the form of a bronze statue will be erected in Washington, D. C., honoring the 33½ million boys and volunteer leaders who have belonged to the Scouting movement since it began in 1910. Scouts all over the country have been making contributions to a tribute fund for this statue.

A special golden anniversary commemorative four-cent stamp, designed by Norman Rockwell, will be issued on February 8, the birthday of the Boy Scouts of America. It will be used in conjunction with an official first-day cover con-

taining a special cachet honoring the Scouts on their 50th anniversary and including the Scout Oath. Stamp collectors will be interested in these items and can get the covers from the Council Office for mailing to the Postmaster in Washington, D. C., where they will be postmarked on the first day of issue.

A new Boy Scout Handbook has been published for distribution this year, the sixth edition of the book which is redesigned and rewritten. With this latest printing the Boy Scout Handbook attains a total printing of 17,600,000 copies since 1910. It is reputedly outsold only by the Holy Bible.

The initial print order of the handbook—1,050,000 copies—makes it one of the largest book orders in printing history.

The first copy off the press has been especially bound for presentation to President Eisenhower at the White House February 8. One of 50 Eagle Scouts, each representing a different state in the nation, will be selected to present the new handbook to President Eisenhower when they call on him to make the annual "Report to the Nation," in Washington, D.C., outlining the achievements and accomplishments of the Scouting Organization during the past year.

In San Francisco a group of local Scouts will present a specially bound volume of the handbook to Mayor Christopher at City Hall.

This book introduced millions of boys to their first knowledge of nature lore, first aid, proper honors for the flag of the United States, and a wide range of "know how" supplementing school courses.

Completely reorganized, redesigned and rewritten, the handbook is a modernized, dramatic presentation of Scouting, scientifically calculated to appeal to boys, written in easy-to-read narrative style.

It contains 68 pages in full color of nature pictures, merit badges and other insignia.

The handbook, based on 50 years of experience, was edited by William Hillcourt, known to Scouts as Green Bar Bill in "Boys' Life" magazine. Donald Ross, credited for its designing and art direction, designed most handbooks and manuals of the Boy Scouts of America in recent years.

Norman Rockwell, famous artist, who began his career as an illustrator of the earliest issues of "Boys' Life" over 45 years ago, designed the cover of the new handbook.

NATIONAL MEMBERSHIP TOTALS FIVE MILLION BOYS, LEADERS

Since the Boy Scout organization was founded in 1910, over 30 million Scouts and leaders have been members. World membership is well over seven million in 68 nations. Current national membership is over 5 million boys and leaders, and in the Bay Area 100,000.

The San Francisco Council has 12,000 Cubs, Scouts and Explorers and over 4000 adult volunteer leaders, with 2000 boys and over 800 leaders from the Lake Merced and Daly City areas.

Throughout the past 50 years the Scouts have served their communities well through participation in such outstanding projects as conservation and national safety good turns and get-out-the-vote campaigns. Again in 1960 the Scouts will distribute millions of doorknob hangers urging citizens to exercise their right to vote in the forthcoming national elections.

With "For God and Country" as its theme, the golden anniversary of the Boy Scouts of America will focus public attention on the work of this historic youth organization in the hope that more volunteers will serve the movement, more organizations sponsor Packs, Troops and Posts and the whole community's support Scouting so that every boy who wants to be a Scout will be able to do so and thereby benefit from its character building and citizenship training program for boys of all ages.

Members of the Lake Merced District Committee are: Superior Court Judge Frank B. Blum, chairman; Howard I. Stites, commissioner; William S. West, activities chairman; Clement S. Skrabak, advancement chairman; Henry G. McGuffen, health and safety chairman; Jerome Christians, leadership training chairman; Victor Barabato, organization and extensions chairman; Richard Davis, assistant district commissioner (Daly City area).

Woodrow Wilson Fourth Graders Tour SF 'Sights'

On January 20, Betty DeBolt's fourth grade class at the Woodrow Wilson School visited the unique Zellerbach building on Bush street in San Francisco. This was a marvelous architectural triumph in glass and aluminum for fourth graders to see, and quite a change from their first field trip in October to historical Mission Dolores.

After lunch at Washington Square, the students took a bus ride to Coit Tower for a view of the Embarcadero. Later they walked through Chinatown and saw the ancient Pagoda design in many buildings and the contemporary structure in a glass enclosed elevator on the outside of the Federal Savings Building.

BLOOD BANK SAYS 'THANKS' TO DALY CITY

The most successful mobile trip by the Peninsula Memorial Blood Bank to the North Peninsula was accomplished recently when 106 persons visited Westlake School in Daly City to give blood.

Blood bank officials paid high tribute to the organizers of the campaign, Richard L. Foster, superintendent of Jefferson Elementary School District, and Miss Alfea Belli of the San Mateo County Teachers Association, for their fine groundwork; also to the Jefferson Classroom Teachers Association and the Daly City Chamber of Commerce.

Officials noted that the sign-up was accomplished despite the heavy incidence of sickness affecting Peninsula residents during the past few weeks.

In addition to individual blood donors the following organizations were represented: Daly City Fire Department, Hope Lutheran Church, California Hydronics, San Mateo County Teachers Association, Daly City Rotary Club, American Legion Post 824, Westlake Baptist Church, South San Francisco Elks Club, Broadmoor Presbyterian Church and Masonic Lodge No. 444.

+ TEEN TALK +

By
Joe Bavaresco

Dear Mr. Bavaresco:

I will be a senior in high school next semester and am rather worried due to the many expenses involved, such as class pictures, cap and gown, senior prom, class picnic, etc. My parents definitely cannot afford all this expense as I have three younger brothers at home and jobs are so scarce these days that I am unable to work. My problem is how does a 17-year-old manage to pay his expenses without depending on his parents?

Dear WORRIED JUNIOR:

Many kids, at this time of their high school year, are faced with such expenses. For the girls, the problem can be solved simply by possibly placing an ad in the newspaper for baby-sitting jobs and give up a few week end dates to baby sit. Therefore, you may raise enough money to pay for some of these expenses. Also, check with local stores for part-time jobs. Very few kids realize that Easter is just as busy as the Christmas season and that stores are doing a lot of part-time hiring.

For the boys, there are many jobs open as attendants in the different neighborhood gasoline stations after school and in the evenings. Also, check with the local hospitals as there are many part-time jobs available —and I repeat, check with department stores during Easter vacation for possible work as stock boys or clerks.

The Department of Employment is very cooperative in helping teenagers find work. They are very understanding and will do as much as they can to place you in a part-time job.

Good luck with your future job and have a fabulous senior year!

Dear Mr. Bavaresco:

I am in high school and am thinking about sending Valentines to several boys in my class. My other girl friends say that this is childish. What do you think about teenage girls sending Valentines to boys?

L. G.

Dear L. G.:

If the Valentines are humorous, I think the boys would enjoy them, but if they are serious and "gushy," I advise no, because boys you are not going steady with will get the wrong impression, but by all means if the cards are funny, send them—it is a friendly gesture and in very good taste.

Dear Mr. Bavaresco:

I am 16 years old and I would like a driver's license but my parents will not allow it. They are afraid I will get into an accident. I think a boy my age should have a driver's license; what do you think?

R. C.

Dear R. C.:

A boy should very definitely have a driver's license because many times during an emergency it might be necessary for another member of your family, such as yourself, to have one. In this respect, I believe your parents are unwise. On the other hand, perhaps they feel that you personally may be too immature.

to sit behind the wheel of a car. Driving a car is a very serious job and there is more to it than just stepping on the gas—you have to think for the other person. It is not a play thing, but if you feel confident behind the wheel and consider yourself safe, I see no reason why you should not have a driver's license. Perhaps if you prove to your parents that you are a responsible driver and explain a sometime urgent need for another driver in the family, this might help them to understand the necessity of getting your license. In order to receive a license, you will have to take a very rigid and difficult test given by the Department of Motor Vehicles and if you can pass this, you should make a very good driver.

Knights Set First Degree Ceremonies

This is a "District Degree Night" in which all Councils of the 17th District will have candidates present for the induction.

The Degree Team will be composed of members of the four Councils in the District. This will be followed by the exemplification of the major degrees on Sunday, February 14, in San Mateo Council Chamber and will include candidates from the 17th, 18th and 19th Districts of San Mateo and Santa Clara counties.

Capacity Throng For Westlake Catholic Women's Fashion Show, Luncheon At Fairmont In SF

By Joan Fenton

"Swing Into Spring," the theme of the fashion show and luncheon held Saturday by the Westlake Catholic Women, was of only a theme for the committee and models to go by, but a cue for all the women who attended the show to come forth in the latest in spring fashions. All the newest creations in hats were seen, as well as beautiful clothes. A capacity crowd was in attendance to witness this sixth annual affair, held at the Fairmont Hotel, for the benefit of Our Lady of Mercy Parish in Westlake.

Mrs. William Creegan, chairman of the day, conducted a smooth and elegant event, which was again a sell-out. Mrs. Eva D. Kelly, who is the mother of Mrs. Creegan, came from Sacramento to witness the show and enjoy the luncheon.

Assisting Mrs. Creegan as co-chairman was Mrs. Robert Wagner, who was seated at the speakers table with the Rev. Father Richard Power, pastor of Our Lady of Mercy Church; the Rev. Father Timothy Monahan, assistant pastor, and Mrs. Robert Markey, president of Westlake Catholic Women. Guests at the speakers table included outstanding Catholic laywomen: Mrs. John J. Murray, past president of National Council of Catholic Women of S.F.; Mrs. F. Harold Burke, president of S.F. county of National Council of Catholic Women; and Miss Vivian Jiri, the women's editor of the Monitor.

Mrs. Robert Markey welcomed all who attended the event and turned the afternoon over to Mrs. Creegan, who in turn, requested Father Power to speak to the audience.

At a table close by, Mrs. Markey entertained her mother, Mrs. Edna Noble, her sister Mrs. James Vicknair, and several friends from S.F. and the Peninsula. Among these friends was member Mrs. Charles Edelman of the W.C.W.

Mrs. John Fox, housekeeper at Our Lady of Mercy Rectory, entertained a group of friends at her table, which included her sister, Mrs. Delphin Pichon.

After taking care of reservations and insuring the fact that everyone was well taken care of, Mrs. John Greulich entertained a group of 18 ladies at her table, all of whom are members of her "seamstress" group. Co-chairman of reservations, Mrs. John Bennett, was hostess to a group of Westlake Catholic Women—namely, Mrs. Raymond Bennett, Mrs. Albert Biancalana, Mrs. Frank Kelechava, Mrs. Eugene Luttinger, Mrs. John McKenna, Mrs. George Tracy, and Mrs. Guido Tridipaldi.

Hostess chairman, Mrs. Rodney Page, entertained her mother, Mrs. Michael McInerney, her daughter, Miss Michelle Page, relatives and friends from S. F. and four members of the women's group, who were: the Mesdames Alvin Antracoli, Roy Belli, James Diggin, and George McEntee. Her co-chairman, Mrs. Francis Mee, after finishing the chores of a hostess, sat down to hostess her own group of friends which also included members of the W.C.W.: the Mesdames B. Bernard, Albert Botti, Edward Cassidy, Herbert Luders, Les Marino, Edward Montague, and Eugene Restivo.

Mrs. Charles Blagdon, program chairman, welcomed her mother, Mrs. C. Hary and her sister, Miss Lorraine Hary, with other relatives and friends of S. F. at her table, once she and her co-chairman were assured that each table had a program which carried out the theme, as well as information pertaining to the afternoon. Mrs. Blagdon's co-chairman for the programs was Mrs. A. Matthew Raggio who sat at a table with her family, which included her mother, Mrs. Edward Foti, her mother-in-law, Mrs. A. Raggio, and her sister, Mrs. William Rosener, who is in the women's group.

Secretary Mrs. John Loof entertained a group of neighbors and members of the

W.C.W. the Mesdames: William Ahern, Robert Chase, Rubin Fuhrman, Joseph Martorana, Frank Texiera, and James Walsh.

Awards, which were too numerous to mention, were exceptional in quality as well as decoratively wrapped by the chairmen, Mrs. Lloyd Madigan and Mrs. Charles Seelig, who got very little chance during the day to sit with their guests. At their tables were Mrs. Madigan's mother, Mrs. Bernard Keeney, her mother-in-law, Mrs. A. Porrazzo, Mrs. Myrtle Callahan, Mrs. Edward Dugan, Mrs. Eugene Gartland, friends from S. F., Mrs. Seelig's daughter, Lou Anne, and members of the W.C.W. group—Mrs. J. Fabionovich, Miss Barbara Manning, and Mrs. C. Sargent.

One of the most difficult yet rewarding tasks is "decorations." This chairmanship went to Mrs. Martin Ruane and Mrs. Lawrence McGaffrey, who not only made the tables complete, but artistic and melodious. Miniature pianos adorned each table and many women who attended the affair purchased the table decoration of their own. Seated at Mrs. Ruane's and Mrs. McGaffrey's table were friends from out of town as well as from S. F., and the Mesdames: Jack Rose, and Robert Cremen of the W.C.W.

Mrs. George Hemmerle, co-chairman of publicity for the fashion show, took a group of friends and their mothers, as well as her own mother, Mrs. John McLaughlin, and her mother-in-law, Mrs. Hans Hemmerle. Among her friends were Mrs. Vincent O'Connor, Mrs. Michael Egan, and Mrs. Paul Hovorka; all members of Westlake Catholic Women.

Behind the scenes assisting the models and making sure each girl had on the "right hat to go with the right dress" and the same color shoes to match each ensemble and all the many little details that go into a fashion show were the chairmen, Mrs. Joseph Toboni and Mrs. Frank Ghiselli Jr. Too busy to entertain anyone, these ladies helped to make a beautiful effect when each of the lovely models stepped on to the runway. Miss Sheila Toboni was in the audience to enjoy the results of her mother's efforts.

Commenting on the fashion show in the Gold room of the Fairmont was Mrs. Byron Davenport, who spoke with experience and was eloquent in her descriptions of the beautiful fashions presented by H. Liebes. Mrs. Davenport had a family audience which included her two daughters, Claudia and Peggy, as well as her mother, Mrs. William Hogan with friends from S. F.

Mrs. Jack Irvine and Mrs. Frank Burns were the investment chairmen and had very little time to do anything but be sure all tickets were in before the awards were given out. Mrs. Irvine entertained two of their assistants on the investment at her table with friends. These ladies are also members of Westlake Catholic Women; Mrs. E. Allen James and Mrs. Thomas Murphy. Mrs. Burns included some members of the organization in her party. They were the Mesdames: Fred Arneke, Francis Boselli, Rodney Hamblin, George Drakulich, John Shaeffer, Richard Michalski, and Donald Gordon, who after the luncheon was the commentator of the Fashion show in the Venetian room. Mrs. Gordon was the chairman of the fashion show last year, thus giving her all the experience she needed in being able to describe the many wondrous clothes which were seen on all the models.

A feature of the show was the showing of "citrus-colored" chiffon dresses, which included lime, lemon, orange and even "grapefruit." Many cotton separates were shown as well as linen sheath dresses and print silks. Black and white again this year promises to be popular with the ladies along with

NEW YORKER JOINS DANCE STAFF HERE

Miss Mary Keough, veteran dancing instructor in New York City, has joined the teaching staff of Mason-Kahn Dance Studio, 6235 Mission street, Daly City.

An expert on ballet and ballroom techniques, Miss Keough taught dancing 16 years in NY and appeared and directed ballet on television. She is a member of the American Society of Teachers of Dancing and served on this group's board of trustees.

Miss Keough is a native of Albany, New York, and attended Russell Sage College at Troy, N.Y.

She conducts classes at the Daly City studio Monday through Saturday, teaching the gamut, from pre-school, to adult ballroom dancing and a new course in physical conditioning for women.

Patrick T. Huffman Of Daly City Now At Camp Pendleton

Marine Pvt. Patrick T. Huffman, of 160 Washington street, Daly City, is scheduled to finish four weeks of individual combat training February 9 at the Marine Corps Base, Camp Pendleton, California.

The course includes the latest infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

"Bavarian Chocolate." Always a pretty scene is the appearance of the "bride" and her attendants, which was very aptly done again this year by the women of the club. Sport clothes were shown and, of course, many pretty spring hats (which did not outdo any of those worn by the women who attended the luncheon).

Over 1400 women enjoyed a delicious luncheon, prepared by the Fairmont Hotel. The menu included: Count Fladimir salad with chef's dressing and anchovies — the main entrée, diced chicken à la Ritz in French Pancake with asparagus maitre d'hotel, for dessert, a rainbow parfait, petit fours, and coffee.

Winners of the investment awards were as follows: 1st, a \$250 merchandise order to H. Liebes, went to Mrs. Frances J. Belz of Daly City (Westlake); second award, a pair of sterling silver candelabra's won by Agnes Williams from Oakland; and third award, a custom-made snyder-knit dress went to Beverly Coughlan, also of Westlake. The snyder-knit dress was modeled by the third Director of Westlake Catholic Women, Mrs. Milton Reiterman. It was in a light shade of green with many buttons down the front of the dress.

The shade of green was ideal for Mrs. Reiterman, whose beautiful red hair was a complementing contrast to the dress as she modeled on the runway. Maurice Wolohan and his orchestra accompanied all the models with his music, while Francis Boselli of Don Bosco photography studio captured each girl in a picture, completely radiant and looking as though she had just stepped out of Vogue magazine.

The afternoon was a complete success and as each woman went home, she had visions of all the lovely clothes that were shown and possibly planned to own some for her own.

Art Colvin Realty graciously donated the programs for the

Now that the sixth annual fashion show is over the Westlake Catholic Women are busy planning another "Swing Into Spring" project — this one being "spring house cleaning" for their annual rummage sale.

Jeff Outgunned By San Mateo Bombardiers

"Before the season began I picked San Mateo to win the Peninsula League crown and they sure looked like champs last Wednesday," Mike Orlich said of the Bearcat five.

San Mateo romped to an easy 63-38 victory over Jefferson at the Bearcats' court. "We could have made a better game of it, but would have lost anyway as Coach Ed Burda's team did everything right. They passed excellently, ran our pants off, outthrust us and had more desire," Orlich wrapped up.

Gaeton Milia's excellent passing set up Mike Zocchi's 15 points, Myron Wacholder's 8, and Dave Beasley's 16. Meanwhile, Jeff's big gun, Gary Molossi hit for 14. But, as in the past, Molossi had no scoring helper. J. B. Berry and Jack Horn had 7 points apiece but the total shy output was weak.

Orlich looks ahead optimistically, perhaps too much so. He believes his club will lick Westmoor, Burlingame and Mills. "San Mateo and Capuchino, the second time around, should be heavy favorites over us," he noted. One of the many deterring factors to Orlich's plan is that the Indians play most of their games away from home.

Rick Warne's lightweights reversed the varsity script by punching San Mateo, 56-23. The Indian B's, led by Jack Fuentes 13 markers, pulled out to a 15-1 margin by the end of the first quarter and played "basketball look at all the baskets" from then on.

The Jeffersonians moved into undisputed possession of second place as Mills B's unexpectedly knocked off Hillsdale. The lightweight title may be at stake on Thursday, February 11, when Jeff and Cap clash.

Ram Rally Runs Rugged Road; Cap Conquers

Bill Dougherty triggered a comeback while Barry Krohn did the shooting against Capuchino last Wednesday, but the rally fell short as the Mustangs trotted away from the Westmoor five, 56-50.

Only one referee was present for half the game, the scoreboard clock refused to function, (as usual), and things were bleak for Westmoor when Capuchino pulled ahead at 44-30 at the end of the third quarter.

But then the ball handling wizardry of Dougherty came into play. His passing, excellent all day long, dribbling and shooting along with two free tosses and two field goals by Krohn moved Westmoor to 44-41. By this time even Mr. Cool, Neil Calhoun, had lost his composure.

The icewater in his veins vanished as he missed two shots that he would normally make. However, the iceman came back to hit two jump shots to widen the gap and stave off the Ram threat. He ended with 20 markers.

Clark Beerman kept the Rams in the game during the first half, finally ending with 14 points to tie Krohn for Westmoor point production honors. Randy Rothman was a stickout for the Mustangs, his jump shots from around the foul line and hooks inside accounting for 17 points.

Cap took two more shots than Westmoor, 58, but the Rams had a good dozen blocked by the invaders. If Coach Tony Giammona handed out any A plus grades last week it would have to go to Dougherty. The senior's efforts were as noticeable as lightning striking an atomic warhead missile.

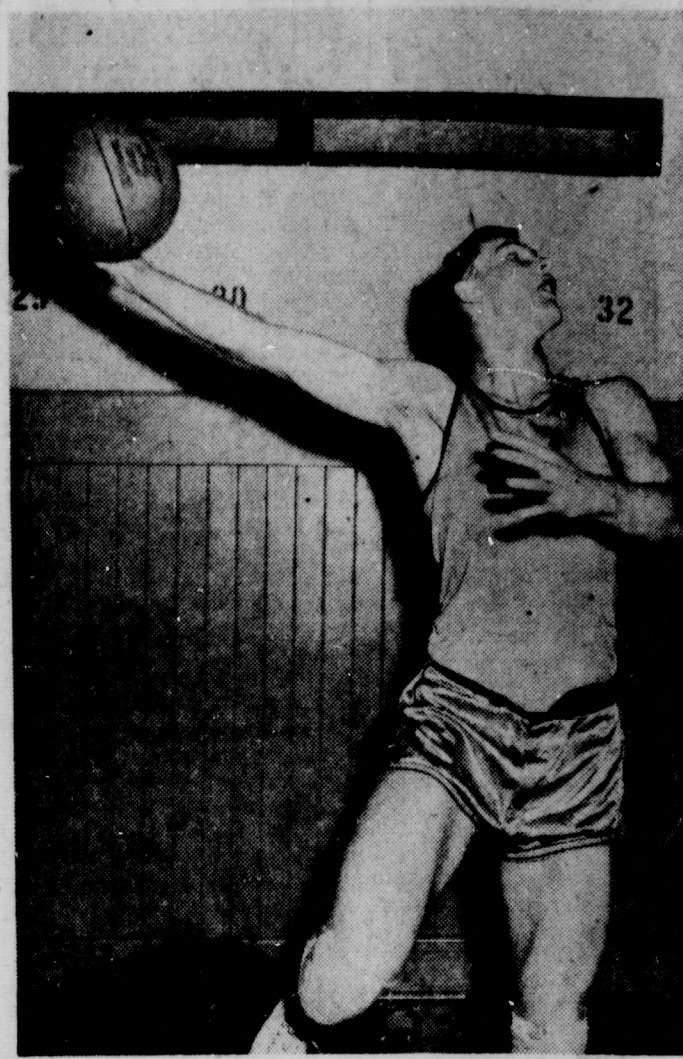

Referee Ernie Filiberti missed his signals first going to Jefferson, then to San Mateo, and finally arriving at Westmoor during the halftime intermission. Ram players did not call him for "travelling," as he had travelled enough.

HIRAM SIBLEY is relied upon by Coach Mike Orlich to do a lot of rebounding for the Jeff High Indians. He's a 6-3 junior who transferred from Ely.

Nevada, last fall. Sibley handles the center position and is one of the three rebounding leaders for the Indians along with Gary Bonini and Jack Horn.

Unbeaten Eighth Grade OLM Shellacked By PAL Cage Team

Two upsets highlighted the Department of Park and Recreation's Saturday Boys Basketball Leagues in their fourth week of play last Saturday.

In the 5th Grade League, the OLM Dons (4-0) clinched a championship title by defeating the Huskies, 24-4. The Dons were led by Jim Duryea and Duane Morin. Both boys scored 8 points. The PAL Beavers (3-1) is the only team that remains in contention. The Beavers had little trouble defeating the BYA Hawks, 28-3. Batt De Bernardi turned in his best game of the year, taking high scoring honors with 8 points and controlling the backboards for the Beavers. In another league action, the Tigers defeated OLPH 30-12.

The first upset of the day came in the 6th Grade League when the BYA Celtics defeated the previously unbeaten OLM Gaels, 32-22. Bob Hood scored 14 points and played an outstanding defensive game for the Celtics. David Thompson's 12 points for the Gaels were not quite enough to offset the

Celtic team effort. With wins from the Celtics (2-1) and PAL (2-1), next week, the 6th Grade League could end in a three way tie. OLM leads the pack by one game but drew a bye in the schedule for the last week of play. PAL's 27-12 win over the BYA Hornets was impressive as reserve strength showed promise.

The OLM A team (4-0) clinched the 7th Grade title with an easy 33-10 romp over PAL. George Tracy and Ken Torre, with 12 and 11 points respectively, were the big guns for OLM. In other league action, the OLPH Saints won their first game of the season. Eight boys from the Saints showed balanced scoring while beating the OLM B team 35-26.

The 8th Grade League found previously unbeaten OLM shellacked by PAL 58-25. Mark Perry scored 14 points for PAL. OLM remains in first place with a 3-1 record. PAL and Ben Franklin are tied for second place with 2-2 records. Ben Franklin lost their second game of the season when they forfeited to Temple Judea.

WESTMOOR wrestling coach Bob Blevins says that the Rams are always ahead after the first three bouts. The reason for this is (left to right) Glenn Stenstrom, 120 pounder;

Sam Tellez, 112 pounds; and Ralph Pettit, 103 pounds. Stenstrom is co-captain of the Ram team along with Len Jacobsen (not shown).

RAMS GRAPPLERS SMASHED BY CAPUCHINO; CRUSH MILLS

Westmoor's grapplers were drubbed by Capuchino, 36-13, last Wednesday, so the Rams took their wrath out on Mills gaining a 35-18 victory Friday.

Only four boys scored points against the Mustangs. Sam Tellez, 110, won by points; Glenn Stenstrom, 120, tied his foe; Ralph Rogers, 138, pinned his opponent; and Len Jacobsen, 145, won a decision.

Jacobsen took a 4-3 point spread from Tony Medrano. Both were league champs last year and it was a revenge victory for Jacobsen who had lost to Medrano once this year.

Tellez started the ball rolling against Mills. He pinned Dan

Other winners were: Stenstrom by a pin; Jim Pori, 127, by a pin; Rogers gaining points via a tie; Jacobsen pinning his Viking man; Christ Hansen, 154, by a decision; Bob Porras, 175, by a pin; and Tom Frydenlund, unlimiteds, also by a pin.

INDIAN B'S CRUISE PAST SOUTH CITY

Sibley Brings Home Win No. 2 For Jeff; Lee Bows

Hiram Sibley, averaging 2 points per game for Jefferson, surpassed all of his season's 12 points by pushing 18 points through the nets Friday to give the Indians their second win of the season, 58-45 over South San Francisco.

Alan Lee, 6-2 forward, was

not expected to play this season due to a broken collarbone suffered before the season began. Now he may make other Peninsula League teams suffer. Lee played half the tilt and connected for 8 points.

South City had a surprise of their own. Dan Emmett, All-

PL 130 star last year, made his first appearance after coming back from an injury this year, and scored 20 markers.

Gary Molossi was held to three points for the first three quarters but then broke loose to add 9 more points during the final period. Jack Horn had 9 markers for the winners.

The Indians outscored South City in every period, holding a 26-19 halftime edge.

Jeff's lightweights, with Sonny Stoller and Bobby With leading the way with 11 points apiece, cruised to a 48-23 victory. Encouraging was the performance of Tom McEntee who hit double figures for the first time. McEntee potted 10 points.

By LOU LUCIA

WHO'S THE BEST PL PASSER?: Now that the Peninsula League has passed the midway mark we've had ample opportunity to see all the teams in the Basketball Conference. If we had to pick the best passer in the loop it wouldn't go to Jeff's Gary Molossi, San Mateo's Gaeton Milia, Capuchino's Neil Calhoun or a host of others. In fact, not even to a varsity player. It would have to be Jeff lightweight phenom Bobby With. (Every time we mention his name it is felt the sentence is left incomplete due to the "With" last name.) Indian varsity coach Mike Orlich says, "With sometimes makes mistakes but most of the time his passes pay off in points."

HOLDING DOWN THE FORT: John Belforte, one of the directors of the James L. Snell Recreation program, says his boys aren't allowed to play more than two quarters. We believe this to be one of the best moves made in seventh and eighth grade basketball. The boys are at too tender an age to be developed fully and all get a chance to hoop it up.

HAVE A PIN DOLL: Westmoor Coach Tony Giammona claims that Mike Orlich at Jeff must have a doll that he sticks pins in to put a hex on the Rams. Giammona recalls last year when Gary Twitty, first string varsity center, jumped up during the final hectic seconds of the B game and struck his head on a hook which was hanging from the top of the door. Needless to say, he didn't play. Orlich countered with, "Ernie Howren was out with an ankle injury that same tilt." Anyway, all Rams and Indians were ready the last time out. Westmoor won. The two clubs meet again on the 19th of this month. We're selling pins at 10 cents apiece, gentlemen.

Jeff Wrestlers Get Smothered

Joe McGrath's wrestlers at Jeff High were smothered by the No. 1 and 2 teams in the league last week.

South City, in second place, took a 49-2 decision. Four Jeff starters were ill and there were no replacements for two matches and they had to be forfeited. Paul Bostrum gained a tie for the only Indian points.

San Mateo pinned Jeff, 44-8. Bob Kasper won a decision in

the 147 pound class while Darryl Cohn pinned his 191 pound foe, Charles DeArman, classy 120 pounder, lost his first match of the year to Ron Shimamoto. He has now won 7 of 8 matches.

Jeff's other big point getter, 175 pound Bob Nielson broke his hand while working with a construction outfit a couple of weeks ago and is out for the season.

Westmoor Scoring Machine Adds Up To 70 Points In Mills Victory; Krohn Joins Exclusive 20 Club

Westmoor's scoring machine ticked off 70 points Friday evening to demolish Mills' chances of moving into a tie for second place with the Rams.

The 70-51 accumulation, bettered the last high-scoring mark of the season which Westmoor also set (62-56) against Jefferson. Barry Krohn joined Bill Dougherty and Clark Beerman as exclusive members of the "20" club. Krohn was the third Ram to hit 20 points or over.

He made 12 of the first quarter's 20 points for the Rams, then picked up eight more during the remainder of the game. Coach Tony Giammona's crew forged to a 22-15 lead only to have Mills come back and take the lead at 23-22 off Tom Edwards' long set shot.

Andy Saranchock hit a short jumper and the Rams rode high on the hog. Dougherty had 10 points for the night and hasn't led a single game performance for the Westmoor five since scoring 23 in the opener. Yet, it is his "quarterbacking" that pulls the Hilltoppers through their winning games.

Most of the time, Dougherty stands outside during the first half and feeds for shots. During the second half he usually hits most of his points by zig-

zagging through the defense for a spectacular lay-in. If the margin is close, it is his ball-handling that staves off the threat.

Giammona said Friday, "Dougherty's the one that holds the team together." Beerman did an adequate job if not good job against Mills' Howie Sundberg. His 10 points came on jump shots from both sides of the bucket.

Westmoor will host South San Francisco this Friday at 7:30 p.m.
